Athletes who are in the warm-up area and not preparing for their event will be instructed to leave. Athletes should note that general warming up will **NOT** be permitted within the Competition Area. i.e. the back straight will not be available for general warming up during the competition.

Hurdles athletes will be allowed to warm up within the competition area on Saturday and Sunday mornings, with the permission of Chief Officials.

Athletes must adhere to the **one-way system** within the warm up area. This will be from right to left (away from the Call Room Area) as you enter from the outdoor track side.

### **Call Room**

All Athletes must report to the Call Room prior to their event. The Call Room will be located at the end of the indoor warm up area.

Individual-event athletes must report to the call room with the minimum amount of kit as reasonably possible. Personal equipment, including phones, music players and smart watches should not be brought. Bags will be checked and any of the above items will be removed. Only sports top drinking bottles will be allowed in the warm up area.

Vests, competitor numbers and spikes will be checked in the Call Room, and leg numbers will be distributed there as required. - Combined Events athletes will receive 3 trials in horizontal jumps and throws events.
- Masters athletes will receive 3 trials in horizontal jumps and throws events. Those achieving the merit standard for their age group will receive a further 3 trials. If fewer than 8 athletes participate in the event, all athletes will receive 6 trials regardless of the merit standard. Para athletes will receive 6 trials.
- Pole vault – No vaulting poles will be available at the stadium. Starting heights are published on the final timetable. All heights will progress in 10cm increments. Athletes will be split into two pools, with both pools vaulting concurrently. All athletes in the first pool will vault at their first height, and then the bar will move to the start height of the second pool for those athletes to make their attempt. The bar will then return to the height of the first pool for their second attempts, etc. This enables all athletes to compete together, but helps to manage the variance in PB heights within the CE entries.

- High jump – Starting heights are published on the final timetable. All CE heights will progress in 3cm increments and Masters in 5cm increments until the number of remaining athletes dictates otherwise. High jump for U15 Girls will operate as two concurrent pools, in the same way at the pole vault described above.
- Triple Jump - 7m, 9m and 11m boards will be in operation. Please check the timetable for specific event information.

### **Withdrawals**

Please inform declarations/seeding if you are not fit to continue in an event for which you have declared on the day. Athletes shall be excluded from further participation in any further event if they qualify for an event in which they do not participate without giving a valid reason to the Referee. This Rule applies to both track and field events.
