

Progression to the Final

Congratulations to the 420 athletes who have qualified for pre-entry into the 2024 4J Studios **scottishathletics** National Indoor Championships. A list of all athletes invited to pre-enter the National Final, taking place at Grangemouth Stadium on 16th-18th February, can be found below.

The Qualification Process

Taking part in one of the Heat Weekends allows athletes to earn the opportunity to book a confirmed place in the National Finals Weekend. The top four finishers in each age group and gender in every Heat Weekend will be offered the chance to pre-enter the Final. Athletes will only be eligible to enter the event in which they have qualified (eg. qualification in 60m does not permit you to pre-enter the Long Jump). Any athlete attempting to enter an event for which they have not qualified for pre-entry during the pre-entry period will have their entry rejected.

The Finals Weekend will include semi-finals and finals on the track, and one pool in each field event. Up to 12 places in each event will be made available to those who have qualified through a Heat Weekend (4 from each of the 3 venues), and a small number of additional places per event will be available on a first-come-first-served basis to all other **scottishathletics** members after the end of the pre-entry period. Qualifiers have until 5pm on Tuesday 6th February to secure their guaranteed place.

Should fewer than 4 athletes compete in an event in a Heat Weekend, or a qualifier not take up their offered guaranteed place, additional places will go on general sale to maintain the total entries.

Should the same athlete finish in the top 4 in more than one Heat Weekend, they will qualify for pre-entry only through the earliest heat. The fifth-placed athlete in the later heat will qualify for pre-entry instead. Athletes taking part in multiple Heat Weekends may also earn pre-entry in multiple events. Athletes will be able to enter a maximum of 3 events during the Finals Weekend, and must choose them at the point of entry.

How Do I Enter?

A list of those who have qualified for pre-entry can be found in the list below. If your name is listed, to secure your place, log on to your SportServe account and complete the usual entry process, selecting the Finals Weekend from the Fixture Calendar. Your account has been updated to provide pre-entry to this event. If you share an account with family members, please ensure that you use YOUR OWN ACCOUNT to book, as an associated account will not have the required permissions. You will also not be able to book your place in the Final through the Club Portal.
